The Budgetary Comparison Schedules present comparisons of the original and revised legally adopted budgets with actual data on a budgetary basis for major funds. The only major fund with a legally adopted budget is the General Fund. All other funds are budgeted together as "Other Budgeted Funds." A budgetary schedule has been done for these other funds because they include budgeted amounts for the Federal Fund, which is a major special revenue fund. These amounts are reported on the schedule entitled "Other Funds." Only the agencies with federal funds are listed here along with any of their non-federal fund budgeted amounts.

North Dakota’s Appropriation Acts include a dual legal level of budgetary control - one at the General Fund versus Other Budget Income level for each agency and one at the line item level for each agency. Line items are not separate between General Fund and Other Budgeted Income so that control is not presented in our budgetary comparison schedule for major funds. The legal level of control for all agencies is reported in a publication titled “State of North Dakota 2007-2009 Biennium Budget and Actual Detail (Budgetary Basis) For the Fiscal Year Ended June 30, 2008.” This budget information is available through the Office of Management and Budget, 600 East Boulevard Ave Dept. 110, Bismarck, ND 58505. For the 2007-2009 biennium there were general and federal fund supplemental appropriations of $104,565,774.

The Budgetary Comparison Schedule reports expenditures on a budgetary basis. The accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present the financial statements in accordance with GAAP. Reconciliations of the two for the fiscal year ended June 30, 2008, for the General Fund and the Federal Fund is on the previous pages. On the reconciliation of Federal Fund, the non-federal fund amounts are also backed out.
