Agency Budget Detail

Report Guide for Office of the Governor

Report Category/Titles 101 Governor's Programs and Admin

Overview Reports

Agency Overview	This report includes the statutory authority, agency description, agency mission, agency performance measures, major accomplishments and future critical issues.
Request Summary	This report summarizes the agency budget request and optional request by major program, line item, funding source, and full-time equivalent (FTE) positions.
Request Detail	This report provides object code and funding source summary for each line item included in the agency budget request and optional request.
Change Package Summary	This report provides a list of the changes from adjusted appropriation to the agency budget request and optional request by title, funding source summary, and FTE.

Program Reports

Program Narrative	This report provides the following information for each agency program: program objectives, services provided, statistical data, and an explanation of program costs.
Request Detail by Program	This report shows, by object code, actual expenditures for the most recently completed biennium, appropriated amounts for the current biennium, and amounts requested for the upcoming biennium.
Change Package Detail	This report identifies, by object code, funding source, and FTE, any changes from the current biennium appropriation to the budget request.

101 Governor's Programs and Admin

Grants Summary	This report provides a summary of each grant, by description and funding source, in the current biennium, agency budget request, optional request, and executive recommendation.
Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Report Category/Titles 150 ND Legislative Assembly

Grants Summary	This report provides a summary of each grant, by description and funding source, in the current biennium, agency budget request, optional request, and executive recommendation.
Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Grants Summary	This report provides a summary of each grant, by description and funding source, in the current biennium, agency budget request, optional request, and executive recommendation.
Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Grants Summary	This report provides a summary of each grant, by description and funding source, in the current biennium, agency budget request, optional request, and executive recommendation.
Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Grants Summary	This report provides a summary of each grant, by description and funding source, in the current biennium, agency budget request, optional request, and executive recommendation.
Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.

Grants Summary	This report provides a summary of each grant, by description and funding source, in the current biennium, agency budget request, optional request, and executive recommendation.
Equipment over \$5,000	This report provides a description of each equipment item over \$5,000, by description and funding source, in the agency budget request, optional request, and executive recommendation.
IT Equip and Software over \$5,000	This report provides a description of each IT equipment and Software item over \$5,000, by description and funding source, for the agency budget request, optional request, and executive recommendation.
Other Capital Payments	This report provides a description and funding source summary for each item included as other capital payments in the agency budget request, optional request, and executive recommendation.
Extraordinary Repairs	This report provides a description and funding source summary for each extraordinary repair included in the agency budget request, optional request, and executive recommendation.
Capital Projects	This report provides a description and funding source summary for capital projects included in the agency budget request, optional request, and executive recommendation.
Capital Projects Detail	This report provides information relating to each capital project included in the agency's base request, optional request, or the executive recommendation. Information includes the project total, funding source summary, description, justification narrative, future operating costs by line item, funding source, and FTE.
General Fund Collections	This report provides a description and amount for the previous, current, and request biennium for each source of revenue collected by the agency and deposited in the general fund.
Licensing, Regulation, and Inspection	This report provides a description of each license, inspection, or regulation fee collected by the agency. For the most recently completed biennium, the amount of the fee, the biennial collections, and the biennial cost of collecting the fee are shown. In addition to the statutory authority for each fee, the report shows the fee for the current biennium and the proposed fee for the upcoming biennium and indicates if the fee is deposited in the general fund.
Lease Purchase Agreements	This report provides a description, start date, end date, monthly payment, and original value for each asset purchased with a lease or proposed lease and a value of at least \$50,000.
Special Fund Balance	This report provides a status statement for the current and upcoming biennium for each special fund included in the agency's current appropriation, budget request or executive recommendation. The status statement includes a beginning and ending balance for each biennium, revenues and transfers by object code detail, and total expenditures.
Budget Changes Narrative	This report provides an explanation of all budget changes packages in the agency budget request and optional request.
