Analyst SC1001-1006

| SC1003 | Analyst III | Grade 105 |

**Level Definition:**
Work at this level involves the application of knowledge regarding rules, regulations, policies, and procedures in carrying out moderate-level analysis. Work involves completing several steps; analyzing multiple sources of data to identify facts and required action; and making and communicating findings to stakeholders. Work differs from lower levels in that this work is more complex because of the breadth and depth of knowledge and responsibility associated with a variety of duties and with a greater degree of impact of decisions made. May provide task-specific training and guidance to lower-level staff.

**Jobs at this level include:**

**Knowledge Skills & Abilities**
The following are in addition to KSAs for lower levels – Ability to handle difficult situations with composure. Skill in the use of analytical tools and data analysis methods. Ability to work effectively within a complex work environment. Ability to devise solutions to administrative or operational problems. Ability to make sense of, combine, and organize information into meaningful patterns. Skill in assessing the performance of others. Ability to develop level appropriate procedures. Ability to present briefings to various groups of management and stakeholders.

**Minimum Education & Experience**
Bachelor’s degree in agency specified area and additional experience; agency may elect to allow substitution of up to two years’ experience in a closely related field for education requirement. Hiring agency may specify education, experience and/or additional qualifications depending on the position to be filled. The agency will specify the nature of qualifying work experience at time of recruitment.

| SC1004 | Analyst IV | Grade 106 |

**Level Definition:**
Work involves significant responsibility for management and coordination of complex analytical work in the areas of finance, investments, utilities, disabilities, and natural resources. Therefore, work at this level is of a highly complex and sensitive nature, often requiring extensive contact with customers and the general public, and requires a high degree of knowledge, skills, and abilities and/or specialization in specific subject matter. Work activities involve decision-making within parameters of approved policies and procedures. Supervision of staff is often included.

**Jobs at this level:**
Knowledge Skills & Abilities
The following are in addition to KSAs for lower levels – Advanced skills in use of analytical tools and data analysis methods. Ability to set priorities and determine workflow. Skill in evaluating alternative solutions, conclusions, or approaches to problems. Ability to apply general rules to specific problems.
