

RISING LEADERS SERIES

For Team ND Interns

Having an intern on your team can be beneficial for your agency as well as for the intern. Interns make valuable contributions, helping your team members accomplish important projects and goals, allowing them to gain practical, hands-on experience. Giving interns a holistic and positive experience can help your agency find future team members, and elevate the state as a premier North Dakota employer. The Rising Leaders Series has been developed to help you give your intern(s) that positive experience.

WHAT IS THE RISING LEADERS SERIES?

The Rising Leaders Series is a series of four one-hour sessions for Team ND interns. The series, over four months, includes: an official Kickoff welcome from Lt. Gov Tammy Miller, a Colors session to grow communication skills, a roundtable with an agency leader, and concludes with an event with the Governor at his residence.
